

About us

Chertsey Nursery School is one of four maintained nursery schools in Surrey. We have existed on our present site for over 50 years and deliver the best start in life for every child. As an early education provider, we differ from the rest of the sector, benefitting from qualified teachers and leaders who are early years specialists.

We offer early education for children aged 2-5 years including a specialist class for children with identified special educational needs. Children aged 2 and over can access their funded entitlement including the 30 hours provision.

We champion every child's individual needs and our inclusivity make us distinctive. All our children benefit from our ambitious, skilful, qualified teachers and early years staff.

Our carefully crafted curriculum creates a learning environment where every child and family can achieve their full potential ready for the next stages in their education. We foster a love for learning to support our children to thrive and succeed giving them the very best start in life.

In September 2018, we entered into an exciting partnership with Dorking Nursery School who have been rated as outstanding in their last seven Ofsted Inspections. This exciting partnership has been a positive venture for both Chertsey and Dorking in terms of our development, but also financial sustainability.

Chertsey Nursery School was last inspected under Section 8 in April 2024 where the school continued to be rated as 'Good'.
